****

Address by Beloved Kwan Yin -
After Transmission - April 17, 1954.

Ladies and Gentlemen:

I speak to you tonight from the throne in the heart of the Karmic Council Chamber - the first time We have ever spoken through the atmosphere into the consciousness of unascended beings.

I bring to you from the Universal Council, which is the Guardian Presence of the Law, the blessings of Our Lives and Our personal Gratitude for the magnificent adoration which has come from your hearts, your souls, and your lips in Our direction.

The Judgment Hall has been clothed in human concepts and used as a weapon to flay the souls of men into reluctant obedience for many centuries by the priests and guardians of religions through the various ages. Therefore, the mankind of Earth have within their etheric consciousness a dread of Judgment Day, and a dread of Those who administer Justice. We (the Karmic Board) are in the unenviable position of being the impersonal spokesmen for the Cosmic Law, the conditions of which you have made yourselves through the ages. It is you who are your own mentor - your own judge - your own punishment - and your own reward; but through man's unconscious desire to place the blame on any shoulder but his own, he has made a scapegoat of the Karmic Board. However this, through the kindness of your understanding, your music, your songs and your love, has been reversed, and We who have sat age after age, meeting again and again the same hopeful spirits filled with vows and promises awaiting birth, and the same sad and disillusioned ones returning in the course of a few short years with a pitiful harvest, are happy indeed to say that We are accepted now - not as instruments of punishment, but of opportunity and hope. It gives Us pleasure indeed.

Tonight you honor the Retreat of Mercy, and I think back through the many ages to a China of such beauty that there has never been a land so fair outside of the Kingdom of Heaven, where men and women walked in such grace and beauty that it was impossible to distinguish the ascended beings from the evolving ones on Earth. In that great land I lived and taught the meaning of compassion and mercy; of not only giving genuine love to all life, but giving just a little more than the law's requirement - a little more pressure in the handclasp - a little more energy in the service - a little more sincerity in the smile than law and convention required - Mercy that rushes forth as from God Himself to give a little more forgiveness than is required -- that is My Service to Life. I hope you will enjoy it.

I would like to say that I am very grateful that the Mercy Flame is active while the dispensation of souls is being acted upon in Our Octave, as it enables Us to bathe the lifestreams applying for re-embodiment in a regular Cosmic baptism - in a Cosmic baptismal font. That service is going on even now while I speak and will continue as your bodies sleep.

We are intensely interested in this endeavor, and if you would, in kindness, sing the song: "The Karmic Board" (We call it Ours now) to Us, you will feel Our Love return to you. Thank you so much, and 'Good Evening'.

KWAN YIN

ON ENERGY AND VIBRATION

Beloved Children:

There is no such thing as a being, ascended or unascended, without vibration and radiation immediately resulting from conscious or unconscious cause. Vibration and radiation are co-existent with form. Even a blade of grass, a flower, a rock or a tree emits unconsciously a rate of vibration which affects the cosmos as a whole and which, mind you, by the undulation of its energy, rearranges the atoms of the entire universe. Thus, all life is constantly contributing to a changing of the actual center of the cosmos. This law applies to the Ascended Host as well as men evolving on the Earth's surface, and even to the Godhead Itself.

The idea that the higher octaves are in a state of utter peace and rest has arisen from the fact that ascetics who have, through contemplation, temporarily loosed their consciousness from the moving sea of vibratory action of the lower realm and contacted the higher realms found the contrast between the two so great that, in endeavouring to give worded expression to the experiences, they have conveyed the impression of a static state as against the low vibration which forms the atmosphere of Earth; thus often are truths falsely garbed through human misapprehension. The peace and quietude of the Higher Octaves is described by the mortal mind as a place where vibration does not exist because the vibration of the outer mind
